CBSE / 90.4 percent

Patna , Bihar

2020

Secondary

CBSE / 80.4 percent

Patna , Bihar

2018

TECHNICAL SKILLS

Languages: Basics of C++, OOPS, HTML, CSS, JavaScript, Bootstrap, React js, DBMS

Tools/ Platforms: VS code, Github

EXPERIENCE

IIHT Zeetron Networks

MERN stack developer intern

1 July 2024 – 15 Aug 2024

Jaipur, Rajasthan

Completed MERN stack training and currently developing a full-stack web application.

Gained hands-on experience in server side scripting and front-end development

DRDO Defence Lab

Java Development Intern

22 May 2023 – 7 July 2023

Jodhpur, Rajasthan

My goal was to develop a Hostel Management System, where I was responsible for creating a login page for registered students.

To achieve this, I utilized Java's Swing framework to ensure a seamless and efficient authentication process.

PROJECTS

StayMate - Vacation Rental Management Platform | Mern Stack

- Built a full-stack web app for managing vacation rentals with user authentication, profile management, and booking features.
- Used React, Express.js, MongoDB, and integrated Cloudinary for image handling.

Travel Board: Tour and Travel Website | Tech Stack

- Created an interactive and visually appealing website that showcases various travel destinations and tour packages.
- Users can explore different travel options, view details about packages, and contact for bookings.

Fashion: Static Webpage for E-commerceStore | Tech Stack

- Design an engaging static webpage for an e-commerce store specializing in fashion and lifestyle products.
- Showcase the latest trends, feature product categories, and incorporate intuitive navigation for an enjoyable shopping experience.
