

DATA PROTECTION AGREEMENT (DPA)

Between:

Sodhani Academy of Fintech Enablers Ltd (hereinafter referred to as the "*Data Fiduciary*"),
CIN: U67120RJ2009PLC028237

And

Aamod IT Solutions Pvt Ltd (hereinafter referred to as the "*Data Processor*")

Effective Date: Upon Signing

Final Delivery Deadline: 25th July 2025 (UAT Handover)

1. Purpose

Aamod IT Solutions Pvt Ltd is engaged for the development and deployment of the National Financial Literacy Olympiad (NFLO) Exam Management System. This Data Processing Agreement governs the handling, processing, and safeguarding of all personal and sensitive data during the course of the project.

2. Scope of Data

The data to be collected and processed includes but is not limited to:

- Student names
- Mobile numbers
- Class/category
- Transaction IDs
- School information
- Exam performance data
- Contact metadata
- Address Details

3. Data Security Commitments

- All data must be encrypted **at rest** using AES-256 encryption and **in transit** using TLS 1.2 or higher.
- Role-based access control shall be implemented on the admin dashboard to ensure limited access based on user roles.
- Comprehensive audit logs shall be maintained for all data accesses and modifications.
- No sensitive data shall be stored in frontend HTML or exposed via browser developer tools or inspect element.

4. Responsibilities of Aamod IT Solutions Pvt Ltd

- Ensure all data collection, storage, processing, and deletion complies fully with India's **Data Protection and Privacy Act (DPDP) 2023**.
- Accept complete accountability for any unauthorized access, data leak, or data breach.
- Provide regular backups and implement robust data recovery mechanisms.
- Submit a load testing report demonstrating system capability to handle 1,200 concurrent students per hour per category.
- Implement security measures including but not limited to HTTPS, API rate limiting, and IP restrictions.

5. Data Retention & Destruction

- All project-related data must be securely deleted from all servers and backups upon project completion, unless otherwise agreed upon in writing.
- Temporary or staging/test data must be purged within 7 days following completion of User Acceptance Testing (UAT).

6. Liability Clause

- In the event of any data breach, leak, or unauthorized access, Aamod IT Solutions Pvt Ltd shall be the sole party held responsible.
- Sodhani Academy of Fintech Enablers Ltd and any individual or entity associated with NFLO shall be indemnified and exempt from any legal, financial, or reputational liability arising from such incidents.

7. Confidentiality and Non-Disclosure

Aamod IT Solutions Pvt Ltd (hereinafter referred to as the *Receiving Party*) agrees to keep all confidential information shared by Sodhani Academy of Fintech Enablers Ltd (hereinafter referred to as the *Disclosing Party*) in strict confidence and shall:

1. Use confidential information solely for the purposes of the NFLO project.
2. Not disclose confidential data to any third party without prior written consent from the Disclosing Party.
3. Restrict access to confidential data only to personnel with a strict need to know, ensuring they are bound by confidentiality obligations.
4. Comply with all applicable data protection laws including the IT Act 2000, IT Rules 2011, and DPDP Act 2023.
5. Refrain from using confidential data for marketing, external analysis, or any public disclosure.
6. Ensure secure deletion or return of all confidential data upon completion or termination of the project.
7. Notify the Disclosing Party immediately if compelled by law to disclose any confidential information, providing reasonable opportunity to seek protective orders.
8. Indemnify the Disclosing Party against all losses, damages, or costs up to 1,00,000 (one lakh rupees) or the annual contract value, whichever is lower, arising from any breach of this Agreement.

TECHNICAL AND OPERATIONAL CONDITIONS & COMMITMENTS

Final UAT-Ready Version Deadline:

- All NFLO modules (Admin, Exam Panel, Student Panel, Monitoring) must be delivered by **25th July 2025**.

Security & Privacy Requirements:

- No personal or sensitive data should be visible via inspect element or frontend HTML.
- All input forms must be protected against CSRF and XSS attacks.
- OTPs and passwords must be stored using one-way hashing algorithms (bcrypt or similar).
- Content Security Policy (CSP) headers and Cross-Origin Resource Sharing (CORS) protections must be enabled.

Performance & Load Handling:

- The platform must support **5000 concurrent users including all category per hour**.
- Mock exams must be conducted and load testing proof provided.
- Dynamic question sets should be delivered uniquely per user session.

Uptime and Monitoring:

- Maintain **99.9% uptime** during the full 15-day exam window.
- Provide a real-time monitoring dashboard accessible to the Sodhani Academy team.
- Send immediate downtime alerts via email and SMS to designated technical contacts.

Admin Dashboard Specifications:

- User interface must be clean, responsive, and user-friendly.
- Dashboard must include the following tabs:
 - Live Counters, Uptime Status, Active Users
 - Student Management with filters and certificate generation functionality.
 - Payment Verification Panel
 - Role Management (admin, editor, viewer)
 - Slot/Exam Allocation and Tracking
 - Result Generation and Certificate Batch Export

Sodhani Academy of Fintech Enablers Ltd

CIN: U67120RJ2009PLC028237

- All sensitive data must be masked in non-edit mode views.
- Reports must be exportable in Excel, CSV, and PDF formats.
- Backend logs must track every admin action including access, export, and deletion.

Monitoring & Post-Launch Support:

- Aamod IT will assign a dedicated monitoring team throughout the live exam period.
- Bugs and issues must be acknowledged within **2 hours** and resolved within **24 hours**.

Final Declaration:

- Aamod IT Solutions Pvt Ltd confirms in writing that the platform is fully production-ready, secure, and scalable to handle **200,000** students.
- All critical functions — registration, OTP, exam access, submissions, payments, and certificates — shall be reliable and audit-logged.
